CUSTOMER USAGE & NUTRITION GUIDE

Everyday wellness, made easier.

Thank you for choosing KOKÓBI+!

Our nutritional blends are created to make everyday nourishment easier and more enjoyable. To get the best out of your product, it's important to understand how to use it, maintain balanced eating habits and stay consistent.

Here is everything you need to know.

1. MEET YOUR KOKÓBI+ FORMULAS

FORMULA A — WEIGHT GAIN BLEND

Formula A is designed to support healthy weight gain by providing additional calories, protein and other nutrients to complement your everyday meals. It works best when combined with adequate food intake, balanced meals and consistency.

SUGGESTED SERVING

Serving size	40 g
Frequency	Once daily initially, alongside regular meals.
Preparation	Mix into milk or water, or blend into your favourite smoothie.

HOW TO ENJOY IT

- Blend with milk and banana.
- Add to oats or pap.
- Blend with peanut butter for additional calories.
- Mix into your favourite homemade smoothie.

ESTIMATED NUTRITIONAL VALUES PER 40 g SERVING

Nutrient	Amount
Energy	181 kcal
Protein	9 g
Carbohydrates	17.1 g
Fat	9.8 g
Fibre	3.3 g

Remember: Formula A complements your meals; it does not replace them.

FORMULA B — EVERYDAY NUTRITION BLEND

Formula B is designed to support everyday nourishment by providing a combination of protein, carbohydrates, healthy fats and dietary fibre. It is suitable for people looking to complement their everyday diet with a nourishing blend.

SUGGESTED SERVING

Serving size	40 g
Frequency	Once daily.
Preparation	Mix into milk or water, or add to your favourite smoothie.

HOW TO ENJOY IT

- Mix with milk or water.
- Add to oats or pap.
- Blend with fruits.
- Incorporate into your everyday breakfast routine.

ESTIMATED NUTRITIONAL VALUES PER 40 g SERVING

Nutrient	Amount
Energy	184 kcal
Protein	12.1 g
Carbohydrates	13.2 g
Fat	10.5 g
Fibre	4 g

Important: Formula B is an everyday nutrition blend, not a dedicated weight-gain formula.

NOT SURE YOU CHOSE THE RIGHT FORMULA?

Both blends are nourishing, and both can be part of a balanced routine. Here is a simple way to tell them apart:

- **Formula A** is our energy-led, weight-gain blend. It has more oats, millet and groundnut, so it leans towards carbohydrate energy and a smooth, easy-to-drink texture.
- **Formula B** is our protein-led, everyday blend. It has more soy and added pea protein, plus a little more fibre and seeds.
- Per serving, the two are close in calories. What matters most for either one is your overall eating: regular meals, enough calories, protein and consistency (see Section 2).
- Chose Formula B and want more calories? Blend it with milk, banana or peanut butter. If a richer or higher-fibre drink feels filling, start with a smaller amount and build up.

Questions? Message us on WhatsApp and we will help you choose.

2. TIPS FOR HEALTHY WEIGHT GAIN

If you're using Formula A, here are some important habits to adopt:

1. **Eat consistently.**
   Don't skip meals. Aim for regular breakfast, lunch and dinner, with nutritious snacks in between if needed.
2. **Eat enough calories.**
   Healthy weight gain requires consuming more calories than your body burns. Formula A can help supplement your calorie intake, but your overall diet matters.
3. **Include protein in your meals.**
   Enjoy foods such as eggs, fish, chicken, beans, milk and other protein-rich foods.

4. **Don’t forget carbohydrates.**
   Rice, yam, potatoes, oats, pasta and other carbohydrate-rich foods provide energy.
5. **Include healthy fats.**
   Avocados, groundnuts, nuts and other healthy fat sources can help increase your daily calorie intake.
6. **Stay hydrated.**
   Drink enough water throughout the day.
7. **Get enough rest.**
   Adequate sleep and recovery are important for overall health and muscle development.
8. **Be consistent and patient.**
   Healthy weight gain takes time. Your results will depend on your eating habits, activity levels, health and consistency.

3. IMPORTANT THINGS TO REMEMBER

- Do not use either formula as a replacement for your regular meals.
- Follow the recommended serving instructions.
- Avoid exceeding the recommended serving.
- Always use a clean, dry spoon.
- Keep the package tightly sealed after every use.
- Store in a cool, dry place, away from moisture and direct sunlight.
- Check the ingredient list for potential allergens before consumption.

If you have an existing medical condition, food allergies, dietary restrictions, or are pregnant or breastfeeding, **consult a qualified healthcare professional before use.**

If you are experiencing unexplained weight loss or persistent difficulty gaining weight, **seek medical advice.**

4. A NOTE ON RESULTS

Everybody’s body is different.

Your nutritional needs, metabolism, lifestyle and eating habits can influence your results. KOKÓBI+ encourages healthy nourishment, consistency and realistic expectations.

We do not promise a specific amount of weight gain within a particular number of days.

A LITTLE REMINDER FROM KOKÓBI+

Nourishment is a journey, not a competition.
Eat well. Stay consistent. Take care of your body.

Thank you for making KOKÓBI+ part of your everyday wellness routine.
